Unity

Drake Bell

Before I met you
I was lost inside the prison of my mind
A place where I believe that love is blind
Forget the old me
When I'm with you baby
Everything's so real
And nothing feels the way it used to feel

You set me free
My one and only

In a worried world
When we're feeling like there's no release
Deep within myself
What I've found with you is inner peace
For better or worse
I see unity
As free as a bird
When it's you and me

Pack all your things up
'Cause we're going on a trip up to the moon
The stars will be upon us very soon
When we're together
I feel like I'm in another universe
So high above the ground
It's all a blur

You set me free
My one and only

In a worried world
When we're feeling like there's no release
Deep within myself
What I've found with you is inner peace
For better or worse
I see unity
As free as a bird
When it's you and me

In a worried world
When we're feeling like there's no release
Deep within myself
What I've found with you is inner peace
For better or worse
I see unity
As free as a bird
When it's you and me

It's just you and me
