

Up Periscope

Drake Bell

If I could have a single wish
I'd only wish to never miss it
When you wake up and smile
It makes me happy when you steal a little kiss
Before you wake me up to listen to the news for a while

And when you're creeping out of bed
I sneak a peek to see just what you were wearing last night
Or what was leftover from ripping off your clothes
I checked to see the door was closed
As you were turning out the light

Whoever said romance was over
Roll over
So I can show you
Don't you want me to be the captain of your submarine?

Up periscope
That's what I say
That's just my way
Of saying that I love you (I do)

My life is like a bowl of cherries
Not so very ordinary overflowing with love
And I could never want for more
Unless our two becomes a four or maybe three
If we practiced it enough

Whoever said romance was over
Roll over
So I can show you
Don't you want me to be the captain of your submarine?

Up periscope
That's what I say
That's just my way
Of saying that I love you (I love you)

Well, now I know that life is hard
I know that love can break your heart
That's just the way that it is
Well, baby that's a load of smack
And don't you know I've got your back
What's important is the way that we live

And like the way you like this song
Because it makes you hum along
And tap your foot to the beat
That's the way you make me feel
When we're doing it for real
I can feel it from my head to my feet

Whoever said romance was over
Roll over
So I can give you one more chance to believe
And hopefully see that I still want you
Don't you want me to be the captain of your submarine?

Up periscope
That's what I say
That's just my way of saying that I love you (I love you)
