

Wrong Side Of The Sun

Drake Bell

It's just another day, like any other day 'til I open up the shades

And it was black as night and I don't know what I've done
But I woke up on the wrong side of the sun

Was it something that I said?

Something that I did that got inside your head?

Made you walk away 'cause I don't know what I've done
But I woke up on the wrong side of the sun

I still don't know the reason but I hope that I'm dreaming
'Cause it looks like you're leaving me now
My world won't stop turning and let me here
Learning to live with the darkness I've found

It must be some mistake this isn't how it ends
My heart's not supposed to break
Someone shed some light 'cause I don't know what I've done
But I woke up on the wrong side of the sun

I still don't know the reason but I hope that I'm dreaming
'Cause it looks like you're leaving me now
My world won't stop turning and let me here
Learning to live with the darkness I've found

It's just another day, like any other day 'til I open up the shades

Oh, oh

Don't know what I've done but I woke up on the wrong side of the sun

Don't know what I've done but I woke up on the wrong side of the sun

Don't know what I've done but I woke up on the wrong side of the sun

Don't know what I've done but I woke up on the wrong side of the sun

Yeah
