

# You Want Me

Drake Bell

Tell me what to do  
To keep from losing you  
And hold on to the hands  
That I'm slipping through

And tell me what it means  
When you go off to sleep  
All alone

You know that I can help  
I'm not someone else  
Or a better version of myself

What you see is what you get  
So what did you expect  
From me?

You want me  
You want me  
To give you better reasons  
Why you shouldn't leave

You want me  
You want me  
To fit into your life  
Way too perfectly

You don't want me  
You don't want me  
You don't want me  
Oh no, you don't want me  
You don't want me  
You only want me to change

You had us figured out  
You said we'd settle down  
We'd get a bigger place  
In a smaller town

A quiet little life  
I'm working nine to five  
Oh no

But, baby, look how I've grown  
You should've known  
But you couldn't leave  
Well enough for long

So what did you expect?  
This is what you get  
From me

You want me  
You want me  
To give you better reasons  
Why you shouldn't leave

You want me  
You want me  
To fit into your life  
Way too perfectly

You don't want me  
No, you don't want me  
You don't want me  
Oh no, you don't want me  
You don't want me  
You only want me to change

You want me  
You want me  
To give you better reasons  
Why you shouldn't leave

You want me  
You want me  
To fit into your life  
Way too perfectly

You don't want me  
No, you don't want me  
You don't want me  
Oh no, you don't want me  
You don't want me  
You only want me to change
