

Cowboy Kind Of Way

Drake Milligan

Another night rollin' in
Right out of the blue
One more touch, one more kiss
And I'll kick off these boots
I'll spin you around, I'll lay you down
Until you come undone
Get as close as we can get
And let those horses run

And we'll ride
Off some lost highway
Free and wild
I'll love you every day
In a cowboy kind of way

Girl, I swear
Anywhere you are
Is where I'm at
The way you're holdin' on
You make me want to hang up this old hat
Spin you around, and lay you down
Until there's nothing left
Just a gentle wind
Across your skin
And when the next sun sets

We'll ride
Off some lost highway
Free and wild
I'll love you every day
In a cowboy kind of way
Cowboy kind of way

And we'll ride
Off some lost highway
Free and wild
I'll love you every day
In a cowboy kind of way
Way
Way
