

Goin' Down Swingin'

Drake Milligan

Downtown's got a bunch of bands, with rock and roll six stringin'

But if I go down, I'm goin' down swingin'

Do some one, two stepping to some old bob wills' singin'

Yeah, if I go down, I'm goin' down swingin'

Dallas down to san antone

Rolling like a rolling stone

I'll stop for every flashing neon light

Driving down them f.m. roads

With a.m. on my radio

Ace in the hole band play me home tonight

Hammer down on the beat that po-po said I'm speedin'

He can lock me up but I'm goin' down swingin'

You're a little country for today, but what the hell so be it

If you're goin' down, go on down swingin'

You know you're way behind the times with this twang thing you're bringing

If you go down, go on down swingin'

I am what I say I am

You don't like me, I don't give a damn

No one can please em all and that's all right

You know I ain't no scaredy crow, I'll put em up there toe to toe

Ain't gonna ring no bell without a fight

If they think they can knock me out, boy they better bring it

If I go down, I'm goin' down swingin'

Dallas down to San Antone

Rolling like a rolling stone

I'll stop for every flashing neon light

Driving down them f.m. roads

With a.m. on my radio

Ace in the hole band play me home tonight

Gonna go see my little gal later on this evening

She got some sun brewed sweat tea kisses that need stealin'

Gonna hold her tight hanging from that back porch ceiling

Watch that hot Texas sun, goin' down swingin'
