

# No Face

Drake

Ayy, what? What? What?

This is the shit that my daddy had raised me on  
Niggas got lit off the features I skated on  
I gotta know, I gotta know  
How you get lit off the nigga you hatin' on?  
Numbers untouchable, they got the data wrong  
This is the moment I know they been prayin' on  
What? Ayy, what? Ayy  
Try knock The Boy off, but fuck it, I'm stayin' on  
O' keep on sendin' me slaps to go crazy on  
40 keep sayin' it's time to be patient  
It's so many people we turnin' the tables on  
Capo got plans, but we'll save that for later on  
Hush'll keep sayin' they know that they played it wrong  
KD just text, "What the fuck are we waitin' on?" Damn  
Me, I'm expressionless  
Niggas be talkin' 'bout don't shoot the messenger  
Fah-fah-fah, you get shot for way less in here  
None of you pussies is blockin' my blessings here, what?

All these years throwin' success in your face  
All of these baddies obsessed with my face  
All the shit they don't address in my face  
I can't be showin' no stress in my face, what? Yeah

No face, no face  
No face, no face, no face  
No face, no face, no face  
No face, no face, no face  
No face, no face, no face  
No face, no face, no face

Brrt  
No face, no face, no face  
No face, no face, no

I don't get sleepy off no melatonin  
My therapist put in a thirty-day notice  
'Cause I keep on talkin' 'bout beefin' and business and money and women, the  
re's no diagnosis  
They emptied the clip (Pfft) quick  
Swapped that shit out and I came back reloaded  
I'm just so happy that niggas who envied and held that shit in got to finall  
y show it  
I'm over the moon, yeah, we'll see you boys soon  
I'm spreadin' my wings, I hop out, cocoon  
I'm studio trappin', I'm locked in the room, what?

All these years throwin' success in your face  
All of these baddies obsessed with my face  
All the shit they don't address in my face  
I can't be showin' no stress in my face, what? Yeah

No face, no face  
No face, no face, no face  
No face, no face, no face

No face, no face, no face  
No face, no face, no face  
No face, no face, no face

Brrt, yeah
