

## 20 Pieces

Drakeo The Ruler

Tryin' push a nigga up at [?]  
You can never walk in my shoes and I mean it  
The DA wanna fight me out the trial cuz I beat em'  
All 12 jurors not guilty, nigga beat it

Bitch talkin' bout' takin' me the wrong way at Ceasers  
After that I told her, "Bitch, we seein' different people"  
I just pulled a 12 now I'm seeing different people  
I just smoked a 2020 nigga with an E-Cig  
Drop it on the floor just to see he really need it  
Someone get the cameras bitch I got on 20 pieces  
I just bought some shit that'll fuck over your weekend  
I'll be with some niggas doin' shit I can't speak on

See these gold bottles you don't even know the meaning  
I'll be with some niggas doin' shit I cannot speak on  
The DA wanna fight me out the trial, cuz I beat em'  
All 12 juries not guilty, nigga beat it

Hey  
I just bought some shit that'll fuck over your weekend and shit  
Someone get the cameras bitch I got on 20 pieces

Niggas always talkin' about some shit they don't know about  
That's why we outside his momma's house with the blowers out  
3 AM creeping with your BM had to choke her out  
Say he gettin' money, but that's somethin' we should know about  
Betcha been havin' I ain't seen you with a dime  
Every venue bitch you always waiting inline  
Niggas always talkin' bout these rumors  
Niggas gay  
Always speakin' on me so I pulled up with a K

See these gold bottles you don't even know the meaning  
I'll be with some niggas doin' shit I cannot speak on  
The DA wanna fight me out the trial cuz I beat em  
All 12 juries not guilty, nigga beat it  
Hey  
I just bought some shit that'll fuck over your weekend and shit  
Someone get the cameras bitch I got on 20 pieces

Niggas always talkin' about this money they don't have  
My instant reflexes told me put him in a bag  
My shooter he like Loui so I went and bought the mask  
He gotta Louisville Slugger, so I hit him with the bat  
The bitch was hangin' on the other side I had to drag her  
Then pull up on her cousin late night I had to stab her  
It ain't real money unless it's jumpin' off the mattress  
If the coupe didn't come out this year, I cannot have it

See these gold bottles you don't even know the meaning  
I'll be with some niggas doin' shit I cannot speak on  
The DA wanna fight me out the trial cuz I beat em  
All 12 juries not guilty, nigga beat it
