Drakeo The Ruler

Sheesh, I'm not with all that sneak dissing  
Chopper rippin' off limbs and all type of teeth missing  
Grim reaper, street sweeper, boy, I'm knee-deep in  
Green and red beams like I got these for Christmas (Joog)  
This nigga talkin' crazy, askin' me where his bitch at  
Talkin' all crazy, you know 'round here, we stich-lipped  
Stinc Team, baby, and I earned all my whiskers  
Brought Pippy Longstocking hanging out with extensions  
That nigga don't match, niggas prayin' and they wishin'  
All type of scuffs, I should have never wore these Christians  
Better yet, these niggas shouldn't have butted in my business  
Bambino get the job done, my hitman relentless  
.223's all up in the runway, nigga  
LJ, MJ, Jumpman, nigga  
Hit his kids if this nigga wanna pump-fake, nigga  
Just left Hell's Kitchen with the lunch trays, nigga  
Where was you when I hit jail? Yeah, Santé, nigga  
S550 coupe, this ain't no Mustang, nigga

Up fifty, dump fifty, fuck you talkin' 'bout?  
Get courageous with your fingers, we gon' chalk you out  
I'ma double park the Bentley at your mama house  
Kill a nigga for these jewels, it's the holocaust  
Up fifty, dump fifty, fuck you talkin' 'bout?  
Get courageous with your fingers, we gon' chalk you out  
I'ma double park the Bentley at your mama house  
Kill a nigga for these jewels, it's the holocaust

Shoot a hundred niggas at the club, call that a holocaust  
I get red from my fiend for dope, that shit hardly cost  
One day, I bought a whole pint for a ball of soft  
Fucked a snake bitch for an outfit, I bought her Lacoste  
That bitch a reptile or somethin'  
This dough won't stay hard for shit, erectile dysfunction  
Talkin' 'bout I hit this shit too hard, I hardly touched it  
Baby K tied around my neck while I'm out in public  
What the fuck you talkin' 'bout?  
AOB ain't got no more Runtz 'cause I bought 'em out  
Heard her baby daddy got the bricks in a large amount  
I'm finna break in this ho crib, bro, stall her out

Up fifty, dump fifty, fuck you talkin' 'bout?  
Get courageous with your fingers, we gon' chalk you out  
I'ma double park the Bentley at your mama house  
Kill a nigga for these jewels, it's the holocaust
