Ayy though
A whole lot of boogies in the stogy
It's a whole lot of boogers in the Rollie
It's Hell Gang, that's on everything that's on me
Don't let 'em pick you off, that's what my grandmother told me
I lost a couple shooters in the same year
Free the gang bang, we was on the same fifth
The sun will shine again when the rain clear
Four finger bangin', I was raised there
Gotta keep it lit for the Shooter Gang
Juju a body somethin' for a Nookie chain
I slither for my illers, they'll do the same
Purple red nose, lift thirty to his face

They indicted my niggas and got me paranoid
Too many snitches, somebody please pray for me
I know you working for the fed boy
You know that nigga you with, went SMY in the pen boy
See the flash when the Glock bust
They're sending niggas with wires, all the cops tryna stop us
I live my life like I don't exist
I ain't got shit in my name, and my cellphones always switch
Ten bands on my bills through the month
Spent fifty bands on the last case that I fought
I'm on my level, face to face with the devil
And if I slip then a nigga gon' get flattened, it's G

Mr. fuckin' Mosely, I'm a bustdown expert
Poured every day, I'm sipping codeine, I'm doubled up
Add a killer making, we throw flies for a niggas faking
Your Rollie hit Fake Watch Busta and it was stainless
Come on boy, that bullshit you talkin' will never make it
The Stinc Team just hit last week for about one-eighty
Where I'm from, I'm a member of the 2 Greedy family
On the block ten deep but you'll find twenty blammers
Watch these niggas, he gon' tell, the judge ain't even throw a hammer
How you come out with a TV, you was in a mini-mansion
Nominated for a movie but I came up with the Grammys
