Drakeo The Ruler

(I fucking love you JuJu)

All that wolfin' in my phone bitch go kill somethin'  
I just popped a batman I feel like Bill Clinton  
The jury know I had the money from the steal image  
Her BD from Arkansas and I still hit it  
That was three years ago man you still trippin?  
My reputation said I'm wylin' I don't kill niggas  
And I don't know you killed the homie tweets and still snitchin'  
The jury had a different verdict but you feel different  
Don't let yo feelings get the best of you that's not cool  
All those comments on my pictures bro that's not you  
I understand you had a loss but we got rules  
Cause we gon' double park them Bentleys if the spot cool

I know you don't do lean but it's Friday  
Lay the whole block down like it's Friday  
Whole pint to the face it was Friday  
Lil nigga you ain't never seen Friday?  
I know you don't do lean but it's Friday  
Lay the whole block down like it's Friday  
Whole pint to the face it was Friday  
Lil nigga have you ever seen Friday?

Creepin' through the door niggas wanna snake me  
Talkin' from behind what's the explanation  
If they talkin' money they could never phase me  
Niggas mean muggin' with no expectation  
Blew em' all a kiss Nina finna slay em'  
Tear the club up I'm runnin' out of patience  
Niggas in my ear but don't never say shit  
I'm ther Ruler I'm the don don't you get mistaken

I know you don't do lean but it's Friday  
Lay the whole block down like it's Friday  
Whole pint to the face it was Friday  
Lil nigga you ain't never seen Friday?  
I know you don't do lean but it's Friday  
Lay thewhole block down like it's Friday  
Whole pint to the face it was Friday  
Lil nigga have you ever seen Friday?

Shit  
Tricks off of keys  
The doors open for me like I had a spare  
I Bruce Lee kicked and landed in chair  
When time to play ball I blew it to my hand  
28 shots off to save the last dance  
Angels and demons Barneys and Neimens  
That's rider in my shoes brought Christ with me  
Brainiac, my shooter from a Ivy League  
Pints on me Rami spilled some ice on me  
Three 30's like you asked the time from me  
We just want the money niggas always playin'  
Pints in the rear cause niggas always drinkin'

I know you don't do lean but it's Friday

Lay the whole block down like it's Friday  
Whole pint to the face it was Friday  
Lil nigga you ain't never seen Friday?  
I know you don't do lean but it's Friday  
Lay the whole block down like it's Friday  
Whole pint to the face it was Friday  
Lil nigga have you ever seen Friday?
