You broke, how you gon' rob me, you ain't even got common sense

In the 650 coupe, finna get rid of the politics

Put that draco down Drakeo, you ain't even think about the kids  
Killer season nigga, even babies get shot to death  
Rozzy on the line with a baby hung by his leg, it's regular  
Young and reckless, you get the message  
Dunk a four in a one like I was pourin' a TEC fish

So you really think you crazy?  
Got killers on standby, ready to kill a baby  
They crazy, load up clips and start sprayin'  
Shootin' jaws like Steven Spielberg, we ain't playin'

We do this shit and shootin' shit with aim  
It's a massacre, diamonds imported, came from Africa  
It's a task to us, come to close then that MAC get bust  
Niggas think they cool 'til they baby and man get touched  
Play me like a fool, feed his noodles to grams for lunch  
Killers down with ISIS, they be movin' with turbans on  
Rebuking nigga's troops, tryna snoop then curves get thrown  
Killers down with ISIS, they be movin' with turbans on
