

# Suicide Dawn

Drakeo The Ruler

You know the truth  
(Smoov, what's good, baby?)  
Shh, what?  
For real

I'm a big dog, I don't conversate with losers  
Get these niggas out my comments 'fore I shoot 'em  
I got suicidal thoughts in the Dawn, don't make me lose it  
The only thing could get some time from me is uchies  
I'm a big dog, I don't conversate with losers  
Get these niggas out my comments 'fore I shoot 'em  
I got suicidal thoughts in the Dawn, don't make me lose it  
The only thing could get some time from me is uchies

I'm a big dog, I don't owe you nothin'  
Make the crowd scram when I'm holding guns  
An obituary read, bro, you done  
He was supposed to be [?] Matthews, he's a nun  
How you let the Stincs take your pieces from you?  
Turn a nigga head into a Reese's cup  
You wasn't on the mainline, he was PC'd up  
We got Drakeo in the building, turn to Stevie Wonder, nigga  
Now we back to the punchlines  
I'm finna do a nigga sleazy like that one time  
I got a free bus pass, he on that one line  
I turned my wrist handicap like that blind nigga

I'm a big dog, I don't conversate with losers  
Get these niggas out my comments 'fore I shoot 'em  
I got suicidal thoughts in the Dawn, don't make me lose it  
The only thing could get some time from me is uchies  
I'm a big dog, I don't conversate with losers  
Get these niggas out my comments 'fore I shoot 'em  
I got suicidal thoughts in the Dawn, don't make me lose it  
The only thing could get some time from me is uchies

Shit, nigga  
I'm a big dog, I don't conversate with losers  
Shh, for real  
Suicidal thoughts in the Dawn, don't make me lose it

I'm a big dog, I don't conversate with poodles  
I make street music you can commit violent crimes to  
If we beefin', I use chunks from your noodles and make spaghetti  
Throw a house party when you hear them pop shots, it's not confetti  
That shit under meniscus, I can eyeball it, no Fetty  
Fuck nigga, my shooter end a nigga world, Armageddon  
I want more chains and whip like my shit ain't broke already  
And I don't wanna hit that crystal 'cause I'm dope already  
Stincs came to take the rap game over and I hope y'all ready  
Bitch act stupid, I fuck your mama, bitch, you know I'm petty  
Nigga think he fuckin' with me, must be blowed off fetty  
This exotic sticky buds, we don't smoke that reggie  
The Plug

I'm a big dog, I don't conversate with losers  
Get these niggas out my comments 'fore I shoot 'em

I got suicidal thoughts in the Dawn, don't make me lose it  
The only thing could get some time from me is uchie  
I'm a big dog, I don't conversate with losers
