

Tricky Ball Play

Drakeo The Ruler

Yeah

(Thank You Fizzle)

Shit

You know what the fuck goin' on (Smoov, what's good, baby?)

Shit, I know the truth

Let the mud spill, I got a mop, but this a street sweep
You get strapped under the rug, you even think somethin'
Three hundred, strip a nigga bringin' up them juice prices
I'll fight life again, you think about these diamonds
Narcissist, I slept with gorillas on Noah's Ark boat
If I Pac and permit, you'll be swimmin' where the sharks live
.459s, I get exclusive 'bout this Moncler
Shots rang, his mom told the news it was not fair
No longer, he stuck to this pace, gon' be a home runner

Shots rang, let the mops hang, nigga, crime pays
Broad day, made his car race, tricky ball play
Play caller, drown a pussy nigga in some chardonnay
Shots rang, let the mops hang, nigga, crime pays
Broad day, made his car race, tricky ball play
Play caller, drown a pussy nigga in some chardonnay
Rolls-Royce umbrellas in the Dawn when it start rainin'

I'm a different type of individual
I send fifty shots at all my enemies
I catch you hangin' with 'em, no sympathy
You dead, I ain't leavin' no witnesses
A genius if you talkin' 'bout my penmanship
A baller, nigga, you a normal citizen
I'm tellin' you that everything is vivid with me
Chinchilla thoughts when gorillas with me
Opps, they just wanna take a picture with me
I came for the Jacks and the Thriller in Manila Cookies
Mud spillin' on my hands when I'm moppin'
I spend hella bands when I'm shoppin', I don't look back
All dope rhymes in the booth, nigga, good crack
I'll do life, the police find what's in my bookbag
End up like Deebo comin' at me with them Suge tactics
I am not the one or the two, bitch, I don't look back
He pumpfakin', so my niggas went and took that
Ayy, bro, Drakeo in the building, we should go back to the hood now

Shots rang, let the mops hang, nigga, crime pays
Broad day, made his car race, tricky ball play
Play caller, drown a pussy nigga in some chardonnay
Rolls-Royce umbrellas in the Dawn when it start rainin'
Shots rang, let the mops hang, nigga, crime pays
Broad day, made his car race, tricky ball play
Play caller, drown a pussy nigga in some chardonnay
Rolls-Royce umbrellas in the Dawn when it start rainin'

Yeah, you can find me in the streets still like a runaway
Grin and hit it twice, still ignorant, I piece a ho a day
Still spin it, one still pending, think it's a blower case
Can't be the same G as me, your gangster lowercase (You a lil' G)
Geek sippin' drank, I go places niggas can't
Mask 'cause I get active, up this 40 in your face
Paranoid, sleep with my blower under the pillowcase
You ain't speak up when he was playin' tough, I feel a way
Stiff, only smile when I hiss, I ain't no friendly snake
I don't call around, it's on me now, nigga, I'm gettin' pape'
Chopper on me, fuck whoever comin', this a swingers Drac'
Chest or his face, long as he scraped, I don't care, either way
Switches and extensions have you missing like a throwaway
Drop a hundred K, a nigga better not see another day
Beatin' down my block so long, it make my knuckles ache
Niggas ain't a hundred, you ain't put nothin' on your brother's plate

Shots rang, let the mops hang, nigga, crime pays
Broad day, made his car race, tricky ball play
Play caller, drown a pussy nigga in some chardonnay
Rolls-Royce umbrellas in the Dawn when it start rainin'
