

# All Pride Aside

DRAM

Girl, if I did this song with you  
That means I enable you  
I'd be forced to get along with you  
Because I want to be enabled too  
And if you gave me all your love  
That means you enable me  
But, babygirl, I'm far from dumb  
Somehow I must returned the fee

If I swallow all my pride  
Then you then would be alright  
And if you gave yourself to me  
That would be enabling

Addicted to love (Hey, hey, hey, hey)  
Addicted to love (Hey, hey, hey, hey)  
Addicted to love (Hey, hey, hey, hey)  
Addicted to love (Hey, hey, hey, hey)

If I give you what you want  
Here's what I need from you  
To be the kind of man that makes  
Loving you so easy to do  
Give the same amount of energy you're giving now  
And I'll make sure to be the only queen you give a crown  
And boy, I hope you're being upfront  
'Cause how you say you in love  
When you treat me like a drug

Addicted to love (Hey, hey, hey, hey)  
Addicted to love (Hey, hey, hey, hey)  
Addicted to love (Hey, hey, hey, hey)  
Addicted to love (Hey, hey, hey, hey)

Enable you, enable me  
Enable you, enable me

Since we not stopping ourselves  
I'll keep letting you  
If you keep letting me

Since we not stopping ourselves  
I'll keep letting you  
If you keep letting me

Since we not stopping ourselves  
I'll keep letting you  
If you keep letting me

Since we not stopping ourselves  
I'll keep letting you

If you keep letting me

Since we not stopping ourselves  
I'll keep letting you  
If you keep letting me

Since we not stopping ourselves  
I'll keep letting you  
If you keep letting me

Since we not stopping ourselves  
I'll keep letting you  
If you keep letting me

Since we not stopping ourselves  
I'll keep letting you  
If you keep letting me

Since we not stopping ourselves  
I'll keep letting you  
If you keep letting me
