

Can't Hold You Down

DRAM

Damn

It's like, the more and more I smoke, I realize that
I can't even get as high without you

I won't hold you down (Won't hold you down, won't hold you down
)

Not anymore

No, I can't hold you down (Can't hold you down, can't hold you
down)

Not like before, oh

This is my attempt at tryna be a man

And all I ask of you is to just understand what I'm sayin'

You can free your inhibitions, you got my permission, speak you
r mind

Or turn around again and assume the position three more times

It's shit like that that make you think I'm childish

And I know it's unhealthy to have my cake and eat it, too

But how can you say that I can't have another bite of you

When you still doin' that thing you do?

Girl, how can I not do it do you?

But when I think about it, I got a lady at home

You takin' pieces out it, out of a happy home

She'll cut some pieces out me if you tell her what's goin' on

If you can't keep it quiet, I gotta leave you alone

I won't hold you down (Won't hold you down, won't hold you down
)

Not anymore (Won't hold you down, won't hold you down)

How can I hold you down (Can't hold you down, can't hold you do
wn)

If I can't be yours? (Won't hold you down, can't hold you down)
