1, 2, 3, 4...

Yeahhhh

In house, hey hey, hey hey in house, yeah yeah yeah

In house, hey hey, hey hey, in house, we got that

Weed, got that in the house

Lean, got that in the house

Bitches, got that in the house

I wish I was back in my house

In house, in house

I'm always on the road

I got somewhere to go

But I know you know, I want to be home

I got somewhere to go, cause I'm always on the road

But I know you know

I wanna be home, to you, I wanna be home, to your kisses

I wanna be home, to the tender lovin' darling baby

I wanna be home for the simple things you do

Make the sweetest love to you, when I'm back

In house, in house, in house, oh, in house

Weed, got that in the house

Lean, got that in the house

Bitches, got that in the house

I wish I was back in my house

In house, in, in house

I'm always on the road, (always on the road)

I got somewhere to go (got somewhere to go)

But I know you know, I want to be home (yeah)

I'm always on the road, (always on the road)

I got somewhere to go (got somewhere to go)

Why you trippin' bro, gahh damn
