

Ooh, ah

Ooh, ah

When the tree gets lit up, I get happy (I get happy)  
It makes me feel lit up and so happy (And so happy, yeah)

Please proceed to ring the bells  
And ring-a-ling, you do it well  
Where's the gift wrap, let's go get that  
And some mistletoe  
Pick your favorite Christmas tree  
Give that special gift to me  
Before or after, it don't matter  
'Cause what you didn't know

'Cause we can deck the halls (Every day, every day, every day)  
And hang the mistletoe (Every day, every day, every day)  
It can be Christmas, ayy (Every day, every day, every day)  
We can celebrate Christmas, ayy (Every day, every day, every day)

When the tree gets lit up, I get happy (I get happy)  
It makes me feel lit up and so happy (And so happy, yeah)

Love on the holidays (Let's spread the good vibes)  
Don't forget the cookies for Santa (Let's get the good kind)  
Love on the holidays (Let's spread the good vibes)  
More love is on the way (And it's the good kind)

'Cause we can deck the halls (Every day, every day, every day)  
And hang the mistletoe (Every day, every day, every day)  
It can be Christmas, ayy (Every day, every day, every day)  
We can celebrate Christmas, ayy (Every day, every day, every day)

When the tree gets lit up, I get happy (I get happy)  
It makes me feel lit up and so happy (And so happy, yeah)

Ooh-ooh, ah
