

Married Woman

DRAM

It's like, like a dope trip you know
Let me nourish you
That's how bad I need it sometimes
Can I have some?
Let me flourish too
Can I borrow some
Sleeping with a married woman (Damn)
Consummating with a married woman (Yeah)

Lord knows what we doing is wrong
Late night skin to skin
Fornicating all night long (Oh)
In the room
I really shouldn't pick up the phone
But I just can't ignore when she calls
And I call too

Sleeping with a married woman (Damn)
Consummating with a married woman (Yeah)

Have you ever made love to someone who belongs to somebody else
?
Did you enjoy it? Or did you feel a little guilty?
Wait, have you yourself cheated on your loved one?
Well, I'm no judge and jury but I will say this, just be up front
Reveal your true intentions
Let's stop trying to pull the wool over each other's eyes
Besides, we only get like this when we horny
