

# Mind Gone

DRAM

I must be losing my mind  
I get fucked up all the time  
I just been losing my mind  
Yup I been losing my mind  
I must be losing my mind  
I get fucked up all the time  
Sometimes I just don't know why  
I guess it's because I been losing my mind  
Mind gone  
Mind gone [mumbling]  
Mind gone  
Mind gone [mumbling]  
I must be losing my mind  
I get fucked up all the time  
Sometimes I just don't know why  
I guess it's because I been losing my mind

Forgive me father cuz I told my momma  
The only drug I do is marijuana  
But that's a lie  
I get high like all the time  
I'm a double cup specialist  
A big fan of activist  
Ever since my dog had let me sip  
Molly took my brain and she left it somewhere  
When I find her ima grab her by her pretty blonde hair  
Rollin in Richmond like wheels on a chair  
Wit my cousins and bros it's a family affair  
Don't you be stingy nigga  
Puff puff and pass the shit  
You lucky my mind is gone  
Cus if not I would count your hits  
Lord keep me way from these cheifn ass niggas  
I'm losing my mind cus my bag getn thinner  
Fuck eatn whoppers I need me a yopper  
Wit cheese I had me a double stack for dinner  
Orange juice, water too  
I don't know what I'm going through  
But as soon as find my mind  
Ima do what I'm sposed to do

I must be losing my mind  
I get fucked up all the time  
I just been losing my mind  
Yup I been losing my mind  
I must be losing my mind  
I get fucked up all the time  
Sometimes I just don't know why  
I guess it's because I been losing my mind  
Mind gone  
Mind gone [mumbling]  
Mind gone  
Mind gone [mumbling]  
I must be losing my mind  
I get fucked up all the time  
Sometimes I just don't know why  
I guess it's because I been losing my mind

Said my mind gone and I'm dead wrong  
If you call me right now its no dial tone  
I'm busy I'm busy I'm busy  
Cop me some sour I need me a blizzy  
Just got off work popped me perc  
Wanna see if this girl really do squirt  
Know it got real when she took off her shirt  
Its just some molly I swear it won't hurt  
I swear you might grind I swear you might twerk  
Do somethn strange for heezy man and its easy man  
Lean on me lean on me  
Got the sprite now the rest is history  
Getn fucked up ain't no mystery  
Whole 8th in the blunt ain't shit to me  
I must be losin my mind I must be losin my mind  
Rollin up blunts all the time  
Know I'm fucked up but I'm fine  
Lean on me lean on me  
Got the sprite now the rest is history  
Getn fucked up ain't no mystery  
Whole 8th in the blunt ain't shit to me  
Mind gone mumbling [x4]
