

## Note To Self

DRAM

Note to self

Remember that she's always with you

And remember who she said that you should always be with

I know it's hard, but

There's still room for joy

Just don't forget that

Man

Let's go back in time to

When I didn't know it could all fall apart so quickly

Right when I got real stuck in my ways

Super Saiyan, 2018
