DRAM

I hope that you're the one
If not, you are the prototype
We'll tiptoe to the sun
And do thangs I know you like

Huh, I think I'm in love again
Baby girl, ooh girl
I think I'm in love again
Hey, baby girl, ooh girl

Today, today must be my lucky day
Baby, you are the prototype
Let's do something outta the ordinary
Like catch a matinee
Baby, you are the prototype

I think I'm in love again
Baby girl, ooh girl
I think I'm in love again
Uh, cause you are the prototype, prototype, prototype
