A rainbow face-ed cosmographic daytona everose
Is on my mind (Is on my mind)
The worldiest of world possessions
That a nigga could've chose to just tell time (To just tell time)
Front seat of the plane (Uh huh)
Caviar and steak (Uh huh)
Car keys with valet (Uh huh)
Driving me insane (Uh huh)
Diamonds in my hair (Uh huh)
High-end on my toes
A Rolex watch with a broken clock
Made of 18-carat gold

Cars, clothes, jewels and fame
In real life it don't matter

A crowd of people waiting for me
At the venue where they booked me to play
A thousand eager people getting restless
By the second as they scream my name
Scream my name
Then my record plays (Uh huh)
Then I'm on my way (Uh huh)
Then I'm on display (Uh huh)
Then they go insane
Front row with the braids (Uh huh)
Please meet me backstage (Uh huh)
She said, "A trip in this pussy
For a flick with you
Is such a fair exchange" (Okay)
