

# Ride Or Die

DRAM

She gonna stretch the truth with the stretch of a rubber band  
Playin' it clever, sayin' whatever to give us the upper hand  
She gon' bend the truth with an ease of a bendy straw  
Suckin' the life out of anything that stands to see us fall

My lady, sweet lady  
A little crazy, anything but lazy  
Risk takin', I'm hers for the takin'  
When she's completely naked

Ride with me, bae, ride, ride with me, baby  
Die with me, bae, die, die with me, baby  
Slide with me, bae, slide, slide with me, baby  
Ride with me, baby, die with me, baby  
Ride with me, baby, die with me, baby  
Slide with me, girl, you're alright with me, baby  
Ride with me, bae, ride, ride with me, baby  
Die with me, bae, die, die with me, baby

I can't even call it watching how she keeps my back  
I'm like, "How can she love somebody like me like that?"  
I can't count the amount that she brings right back  
And to this day, she still don't think I can sing like that  
Well, here's a little melody for my baby  
My any and my everything (Family)  
She love me like she kin to me (Passion)  
She fucks me like we enemies

Ride with me, bae, ride, ride with me, baby  
Die with me, bae, die, die with me, baby (Ooh)  
Slide with me, bae, slide, slide with me, baby (Slide, baby)  
Ride with me, baby (Slide, baby), die with me, baby (Die, bae)  
Ride with me, baby (Die, bae), die with me, baby (Ride, bae)  
Slide with me (Die, bae), girl, you're alright with me, baby  
Ride with me, bae, ride, ride with me, baby  
Die with me, bae, die, die with me, baby
