3AM

DRAMA

Cause I only see you when it's 3am in California
Hit you with that 1-2 oooo hallelujah
I'm back in town again
I know I said it'd be awhile my friends are all enjoying life
The city's getting hot and now I'm fired up
I been drinking all day and I'm tired of
Waiting on you to make the first move
(Waiting on you)
I'm waiting on you to notice
(Waiting on you)
I'm waiting on you to make the first move
(Waiting on you)
I'm waiting on you to notice
(Waiting on you)

Why you acting like you're tired of me tired of me
I know you want me why you lie to me lie to me
Oh, why you acting like you're tired of me tired of me
I know you want me why you lie to me lie to me

Cause I only see you when it's 3am in California
Hit you with that 1-2 oooo hallelujah
I'm back in town again
I know I said it'd be awhile my friends are all enjoying life
The city's getting hot and now I'm fired up
I been drinking all day and I'm tired of
Waiting on you to make the first move
I'm waiting on you to notice
(Waiting on you, my friends are all enjoying life)
I'm waiting on you
(Drinking all day and I'm tired of
Waiting on you
Drinking all day and I'm tired of)

You like money, my guy
You laughing with your chest out think that's funny "haha" ?
Don't nobody want they time wasted
I'm asking if you love me why you making funny faces?
I came a long way just to see you
Came a long way just to be here

Cause I only see you when it's 3am in California
Hit you with that 1-2 oooo hallelujah
I'm back in town again
I know I said it'd be awhile my friends are all enjoying life
The city's getting hot and now I'm fired up
I been drinking all day and I'm tired of
Waiting on you to make the first move
I'm waiting on you to notice
(Waiting on you, my friends are all enjoying life)
I'm waiting on you
(Drinking all day and I'm tired of
Waiting on you
Drinking all day and I'm tired of)
