DRAMA

I think you've fallen in love with me baby  
This is crazy  
And I think you've fallen in love with me baby  
This is crazy

An I barely know who you are  
But I know in my heart  
There's a reason you're here now  
An there's a reason I stayed

And I think I've fallen in love  
(I always fall in love and never let them know)  
And I think I've fallen in love  
(I always fall in love and never let it show)  
And I think I've fallen in love  
(I always fall in love and never let them know)  
And I think I've fallen in love  
(I always fall in love and never let it show)

And who darling? who darling?  
I wanna be cured, I wanna be yours  
Oh but your 25 years to late  
25 years I've had to wait  
And now I'm afraid  
Now I'm afraid of love

I think you've fallen in love with me baby  
This is crazy  
And I think you've fallen in love with me baby  
This is crazy

And I think I've fallen in love  
(I always fall in love and never let them know)  
And I think I've fallen in love  
(I always fall in love and never let it show)  
And I think I've fallen in love  
(I always fall in love and never let them know)  
And I think I've fallen in love  
(I always fall in love and never let it show)

And who darling? who darling?  
I wanna be cured, I wanna be yours  
But I'll never it show to their face  
Until it's to late

I think you've fallen in love with me baby  
This is crazy  
And I think I've fallen in love with you baby  
This is crazy  
With you baby, this is crazy

And I think I've fallen in love with you baby  
This is crazy  
With you baby, this is crazy  
And I think I've fallen in love with you baby  
This is crazy  
With you baby, this is crazy
