

Forever's Gone

DRAMA

Every girl dreams of a prince
And here you stand
The perfect man
I'll push you away
Every girl dreams of a prince
And here you stand
The perfect man
I'll push you away

Cause you see
You see what you wanna see
You believe what you want to believe
You see what you wanna see
You believe what you want to believe
And there's no other way
Cause I'm not afraid to be alone
To be alone
Cause I'm not afraid to be alone
To be alone

Every girl dreams of prince a
And here you stand
The perfect man
I'll push you away
Every girl dreams of a prince
And here you stand
The perfect man
I'll push you away
I'll push you away
I'll push you away

Cause you see
You see what you wanna see
You believe what you want to believe
You see what you wanna see
You believe what you want to believe
And there's no other way

An I'll love you far after forever's gone
And forever's won
And I'll be here long after forever's won
