

Fuck Dave

DRAMA

Loving you is cold
Loving you is lonely
Loving you is pointless
Loving you is holding me back inside
I'm back in line for you
Loving you is cold
Loving you is lonely
Loving you is pointless
Loving you is holding me back inside
I'm back in line for you

Don't tempt me with your ooo's and ahhhhh's
Don't tempt me with your false applause
Your love life is a long lost cause
You're on the smooth way out
The smooth man route

Loving you is cold
Loving you is lonely
Loving you is pointless
Loving you is holding me back inside
I'm back in line for you

O fate forgive me
I've been sinning
True love was a friend of mine
I chose mine
O fate forgive me
I've been sinning
True love was a friend of mine
I chose mine

Loving you is cold
Loving you is lonely
Loving you is pointless
Loving you is holding me back inside
I'm back in line for you
Loving you is cold
Loving you is lonely
Loving you is pointless
Loving you is holding me back inside
I'm back in line for you

And it's cold
And it's lonely
And it's pointless
It's holding me back in side holding me back inside
Holding me back inside
And it's cold
And it's lonely
And it's pointless
It's holding me back in side holding me back inside
Holding me back inside
I'm back in line back in line
And it's cold
And it's lonely
It's holding me back in side holding me back inside

Holding me back inside
And it's cold
And it's lonely
It's holding me back in side holding me back inside
Holding me back inside
