

## Hopes Up

DRAMA

So far  
I've given it up you hold me down and get my hopes up  
You saw me with my with my hopes up  
So far  
I've given it up you hold me down and let my hopes down  
(You really get my hope up)  
You really give my hope out  
I get my hopes up  
When I send my hope down  
You know I can wait  
I mean that's all I can say  
You owe me something  
Wait I feel it in my bones you got my hopes up  
And this is all that I know and I'm down on my love  
I'm down on my luck  
Weighed down when he took my weight down  
I feel it in my fate now fate now  
You know I can wait  
I mean that's all I can say you owe me something

Wait, waited enough I got my hopes up  
(You know I waited enough)  
I gave it all and in all it wasn't enough  
(You know I waited enough)  
Move down when I when I go down  
You get my hopes when I when I go up  
You know I can wait  
I mean that's all I can say you owe me something  
You owe me something  
You owe me something  
You owe me something  
You owe me something  
You owe me something  
You owe me something

You know I waited enough  
You know I waited enough  
You know I waited enough
