

I Do

DRAMA

I been here for too long
Sitting on the kitchen floor
Drinking, thinking 'bout
All the things that I do wrong

How am I gonna fall in love
How am I gonna find the one
If I can't get up

And they say, who wants to be in love?
(Who wants to be in love?)
And they say, who wants to be in love?
Just to have it thrown in their face (Who wants to be? Who wants to be?)
Find yourself, and give it all away (Who wants to?)
Who wants to be in love?
(Who wants to be in love?)
And they say, who wants to be in love?
(Who wants to be?)
Who wants to be in love? (Who wants to be?)
(Who wants to?)

I'm afraid to be excited
Give me my anxiety pills
Safe, can't you see I'm hiding

And they say, how you gonna fall in love?
How you gonna find the one
If you can't get up

And they say, who wants to be in love?
(Who wants to be in love?)
And they say, who wants to be in love?
Just to have it thrown in their face (Who wants to be? Who wants to be?)
Find yourself, and give it all away (Who wants to?)
Who wants to be in love?
(Who wants to be in love?)
And they say, who wants to be in love?
(Who wants to be?)
Who wants to be in love? (Who wants to be?)
(Who wants to?)

[illegible]

(Okay, okay, okay, alright

It's never gonna happen again

Well, it happened twice

No I didn't

Do you swear on your brother's life?

On my brother's life, I did not fuckin' do shit

I wasn't even around

Call my momma

I won't do it like that)
