

Walk Away

DRAMA

Someday you're gonna wake up
You'll see you made a mistake
You let me walk away love
I said I needed more
You said you couldn't afford love
And time just another number on the wall
Just another number to call
But wait don't let me walk away love
Don't let me walk away love
You couldn't afford love
Love

I love you but I'll never get my love back
And money money
Is a time that I don't have
I love you but I'll never get my love back
(You love lust you love lust)
And money money
Is a time that I don't have
An I dont wanna waste my love on a man
(You love lust you love lust)
Who doesn't love love
(You love lust you love lust)
Who doesn't love love
Who doesn't love love
Who doesn't love love

Someday you're gonna wake up
You'll see you made a mistake
You let me walk away love
I said I needed more
You said you couldn't afford love
And time just another number on the wall
Just another number to call
But wait don't let me walk away love
You couldn't afford love
Love
