DRAMA

I was afraid of me
I was afraid to see
What I'd become
Well, now there's no you to run to
What have I done?

Now, I was a golden mine
Awaiting sacrifice
You were so close
Ready to over-drug
Ready to overload
Now there's no hope

Even when you tell lies, tell lies
Even when you tell lies, tell lies
You know evil men tell lies, tell lies
You know...

I'll be here for you
For years to come
I'll be here for you
For years to come
I'll be here for you
For years to come
I'll be here for you
For years to come
I'll be here for you

No matter the distance, wherever you are
Even in death, I hope you always know
That I was here for you
And I'll be here for you
For years to come

No matter the distance, wherever you are
Even in death, I hope you always know
That I was here for you
And I'll be here for you
For years to come

Even when you tell lies, tell lies
Even when you tell lies, tell lies
You know evil men tell lies, tell lies
You know evil men tell lies, tell lies
And even then you tell lies, tell lies
Even when you tell lies, tell lies
You know even when you tell lies, tell lies

I'll be here for you
For years to come
I'll be here for you
For years to come
I'll be here for you
For years to come
I'll be here for you
For years to come
I'll be here for you

For years to come
I'll be here for you
For years to come
