

# Lullabye

Dramarama

It's okay  
If you don't really want to know  
Don't go away  
If you're not feeling well  
You always go to sleep  
My sweet baby, go to sleep

Just don't fake the way you feel  
Make it real and be my friend  
Oh, I don't really want to know  
Just be my friend, oh I don't see  
How it'll go, you go to sleep  
My sweet baby, go to sleep

I thought maybe you'd know  
One's all I need  
Any more's not my speed  
And I thought we'd agree  
We'd always be together  
Understand me, can't you see?

It's okay  
If you don't really want to know  
Don't go away  
If you're not feeling well  
You always go to sleep  
My sweet baby, go to sleep

I thought maybe you'd know  
One's all I need  
Any more's not my speed  
And I thought we'd agree  
We'd always be together  
Understand, yeah

Yeah, one's all I need  
Any more's not my speed  
And I thought we'd agree  
We'd always be together  
Understand me, yeah, yeah
