

All Love

Drapht

When I go out I go out with bang, gassed up like the Hindenburg
Full house, one King, four Queens, and a whole lotta bad influence
Some don't wanna learn and some nights that someone might be me
Don't have work tomorrow, oh my god that's when I see
I see this cutest little blonde thing shaking her round thing
Gets club of Johns, home to your man
She got fuckers that will rock like block, she made me think like A\$AP Rock
Wanna be with ya, my heart would stop like oh my god
Little love is all I've got, watch you all night long like Lionel Richie
Didn't need a girl like Madonna or Britney
We can recreate the Sistine Chapel, naked on the roof, no judgement
Sorta see the world like customs, only get them to strip with substance
Love them, hate them, fuck them, date them part of the breakup like Jason Ba
teman, yo
This how things will come, world stops just to watch you dance

It's all love
All love
It's all love
Shake it girl, shake it girl, shake it girl
It's all love
It's all about love
I just wanna watch you dance, and watch you dance till the sun comes up
Shake it girl, shake it girl, shake it girl
Yo, it's all love

From a land where the heart is king, she knows how to pull the strings
And she looks like the mother of dragons, made her Queen and the magic happe
ned
Dancing Michael Jackson, dancing Clapton, didn't matter what she putting it
back
She the baddest, Hammer couldn't touch her
My little vanilla bean custard, watch her thrust her hips on lust
Or feeling like Jim Morrison on magic mushrooms
I love you, won't you dance on me baby, baby hello
I love you when you're driving me crazy yo, and you won't
I love you without knowing your name, heyoo hello
Hello, hello, hello

It's all about love
It's all love
I just wanna watch you dance, and watch you dance till the sun comes up
Shake it girl, shake it girl, shake it girl
All love
It's all love
I just wanna watch you dance, and watch you dance till the sun comes up
Shake it girl, shake it girl, shake it girl
All love

I watch her dance around the piano lookin' like Miranda
Blocking the stalkers out as she walks with her hand up, sorta like BJORN wi
th a camera
Damn Yolanda be cool, ain't that bull in a China shop
Ain't the guy that wound you found you out, ain't try chase you 'round and t
ie you up
'Less you want, a Hindu monk told me we all the same

And it's all love
It's all about love
I just wanna watch you dance, and watch you dance till the sun comes up
Shake it girl, shake it girl, shake it girl
Yo, it's all love
It's all about love
I just wanna watch you dance, and watch you dance till the sun comes up
Shake it girl, shake it girl, shake it girl
It's all love
It's all about love
It's all love
It's all love
