Deep Sleepers

Drapht

Every day's different, listen with an open mind.
Hoping to design a bigger pitcher that's fit to hit all the blind
at the ballpark. Ball embarks on a journey.
Stop bringing me into beef when it doesn't concern me.
Words be digging down, I stay raw.
Not a piece of the jigsaw puzzle,
so your break state law
just to fit into a forbidden life with your lies.
So make make your decision wise.
I'm not the forgiving type.
Imprisoned for life if you're found guilty.
Running your mouth, you wonder why there's only
one in a crowd, one in a thousand
understands and feels your tracks.
I'll reveal until you quit and kill the act.
I'll be damned to let you get the best of me.
Rest in peace before you get hold of my recipes.
A lesson be, you can talk fast, but karma's gonna catch ya,
you can try hide, but it's like outrunning a raptor.

Deep sleeper, sleeping through thunder.
Deep sleeper, arise from your slumber.
(wake up wake up waaake up,
wake up wake up waaake up)
Deep sleeper, your mind's all messed up.
Deep sleeper, arise from the siesta.
(wake up wake up waaake up,
wake up wake up waaake up)

On your high horse without a saddle, you're bound to slip.
I count it in like calculators, cos you're counterfeit.
Sound a bit similar to something that I heard before.
With words are war. Sounded Like you murdered more
people than Bush.
I pushed past a ship with the wind,
goosebumps on your skin,
Humpty Dumped on your chin.
Begin it now, quicker than you're blowing your load.
No wonder your girls are never happy when you wanted to go.
You want it, still want to be known as a hard-headed heavyweight.
Meditate I'm up against the mind of a renegade.
Generating power to tower over your frauds,
found a sword, now you think you're the underground lord.
Setting laws, locking the door, thinking you're the keeper
(oi wake up) Another stubborn heavy sleeper.
Need no lead, I feel free to feed your fantasy.
Keep talking trash and see the devilish man in me.

Deep sleeper, sleeping through thunder.
Deep sleeper, arise from your slumber.
(wake up wake up waaake up,
wake up wake up waaake up)
Deep sleeper, your mind's all messed up.
Deep sleeper, arise from the siesta.
(wake up wake up waaake up,
wake up wake up waaake up)

Arise from your slumber, you wonder whether it's real.
Always thought you were dark,
you're white as Ally McBeal.
But you're still trying to peel the layers of skin back,
scrubbing of the white, hoping to reveal the black.
(Wake up!) Living in another man's shoes.
Stupid to follow, got heads as hollow as bamboo.
Fake as the man on the moon, it's soon to be revealed.
It's a minefield, watch where you step or you're killed.
Won't fulfill your dreams.
A team of four horsemen running through your nightmares.
I won't spare a portion of life.
More important, supporting you wife.
Catching more than a caution if caught with a knife at night.
And might just only be to protect,
but it's there to drop blood like when the needle injects
and affects all the people you hang with.
Gotta pull your head out of the clouds.
Understand every language.

Deep sleeper, sleeping through thunder.
Deep sleeper, arise from your slumber.
(wake up wake up waaake up,
wake up wake up waaake up)
Deep sleeper, your mind's all messed up.
Deep sleeper, arise from the siesta.
(wake up wake up waaake up,
wake up wake up waaake up)

Deep sleeper, sleeping through thunder.
Deep sleeper, arise from your slumber.
(wake up wake up waaake up,
wake up wake up waaake up)
Deep sleeper, your mind's all messed up.
Deep sleeper, arise from the siesta.
(wake up wake up waaake up,
wake up wake up waaake up)
