

# Helley Hansen

Drapht

You lived with your mum, I live with my dad  
It was that little pad with a pool, house full of jazz  
We had Coltrane playing on the record player  
I had a pair of Jordans holey as the ozone layer  
Sending out prayers nightly to the Holy Ghost  
I found the ones that let me down, yo I needed most  
It's cool him not being round though  
It became my greatest strength and his greatest downfall  
Fremantle line party we first met  
Kareem Campbell skate board up in the tape deck was Nas  
And I marked every surface  
No paycheck, still halved a bottle of bourbon with  
Carlsani, mixed tapes with Adam  
DJ Vadams the terrorist, it was our anthem  
And we balanced the train tracks  
Man, we will never get those days back  
Yo we wore Helley Hansen, walked under streetlight dancing  
Biggie was the anthem, my little peanut butter lets jam

My little peanut butter lets jam  
Yo yo yo that it  
Ima' meet you at the Hyde Park Hotel  
Those days you were my whole world  
Yo we wore Helley Hansen  
My little peanut butter

Back then your energy was electric  
Your eyes that shined bright as your gold necklace  
Obsessed with the scent of your Cool Water perfume  
Not even Tuxon's smell could ever better it  
We walked through the cemetery to get to the party  
Classy best dressed, some of them ghastly  
From shooting the nasty stuff, we were the classy ones  
Cut from the cloth of Ye' Saint Laurent  
Master of, never worrying mumma  
My sis did that enough on the come up  
Too stealth to get done I was a ninja  
Mumma was my center  
Hunter and Daz were the integrators for me to enter  
The next phase of my journey being an MC  
With C grades I wouldn't even expect me  
To be where I am, from Yokine to Greenwood  
To Shenton Park and back, the fact was

Life is only good as your mindset is  
Only ever good as your mindset  
Got to be thankful for the gift of time we had  
Can you imagine if we knew we were timeless  
We wore Helley Hansen, walked under street dancing  
My little peanut butter lets jam

My little peanut butter lets jam  
Yo yo yo that's it  
Ima' meet you at the Hyde Park Hotel  
Those days you were my whole world  
Yo we wore Helley Hansen  
Yo we wore Helley Hansen

We walked under street dancing  
Yo yo yo that's it  
Ima' meet you at the Hyde Park Hotel  
Those days you were my whole world  
Yo we wore Helley Hansen

But I can not breathe  
Please grant me serenity  
Cause I can not breathe  
I know I can be a better me, I know that  
I can not breathe  
Grant second chance  
Cause I can not breathe  
I can not breathe

Life is only good as your mindset is  
Only ever good as your mindset  
Got to be thankful for the gift of time we had  
Hey

Breathe  
Breathe

We had skateboards  
Solid markers
