

Oh Shit!!

Drapht

Oh shit, I said some stuff when I was drunk and went
And fucked it, I said some stuff I didn't mean, I couldn't
Help it, I really didn't mean it, hope you
Understand me, I hope you know it was a bad day, la-la-la-la-la-la

Tend to say the wrong shit to the right ones
Patron on ice ignites a part of me inside
The lies in silence dying, hiding
Till I have another drink, one two three four five six
Another Ring Around the Rosie
Another piercing round like I had a nose ring
Should have been home time like at one
Now I gotta apologise to him, to her, to them, to it
I fucking said some shit that can't be undone
Now I'm haunted by the morning recollections like na na na na na na

I hope I went and dreamed it all
Maybe I can go back and sleep it off
And no amount of paracetamol
Can change the emotions when I see my phone, it's like

Oh shit, I said some stuff when I was drunk and went
And fucked it, I said some stuff I didn't mean I couldn't
Help it, I really didn't mean it, hope you
Understand me, I hope you know it was a bad day, la-la-la-la-la-la

Rocket fuel with a dragon's mouth burning bridges (burn, baby, burn)
My brain says abort the mission, but I don't ever listen (burn, baby, burn)
You sound better with your mouth closed, please don't go talk to her
Every shot down turn into rookie of the year, rookie of the year

Always meet the right girls at the wrong time
She had me weak at the knees like Muay Thai, so striking
And see ninety five percent of nights I'm nice enough, but tonight
I couldn't have been a stand-up guy, even if my name was Dave Chapelle
Well, maybe a little Louis CK, I had too much to drink, put it away
What did I say, I said "Wanna see the menu, me and you?"
She said, "I don't do pig, and this is my hens do too"
(Mate)

I hope I went and dreamed it all
Maybe I can go back and sleep it off
And no amount of paracetamol
Can change the emotions when I see my phone, it's like

Oh shit, I said some stuff when I was drunk and went
And fucked it, I said some stuff I didn't mean, I couldn't
Help it, I really didn't mean it, hope you
Understand me, I hope you know it was a bad day, la-la-la-la-la-la
Oh shit, I said some stuff when I was drunk and went
And fucked it, I said some stuff I didn't mean, I couldn't
Help it, I really didn't mean it, hope you
Understand me, I hope you know it was a bad day, la-la-la-la-la-la

Oh I yeah apologise
I apologise
Yeah yeah, yeah

Apologise

I 'm sorry for all the fucked up shit I did last night

I didn't mean to, it was the booze talking

I didn't, I didn't mean to, it was the booze talking

Apologise

Call up the universe

And apologise
