

# Summer They Say

Drapht

'Cause this is...  
La da da da da da da da  
'Cause this is...  
Da da da da da da da

I came up in a field  
Everybody wanna be the dopest  
Wannabe woke  
Rather be above the trees  
Above the weeds  
I feed these MC's  
Thinking they goats  
Wannabes  
Wannabe above the clouds  
I kill a man  
Ja Rule don't listen  
I'm Van Gogh, great untold  
No guns, no roses  
Ain't I tall?  
No slash or stabbing in the back  
Back home how many friends do you know?  
Jumping on top of the wagon  
As soon as you popping them blow  
Soon as you stop and get off  
What the fuck was that about?  
Locking the door  
Don't be thinking you can rock up my house  
Like it's before  
Won't even throw you a bone  
Get the fuck off of my lawn  
Suckers ain't welcome no more  
Garlic clove over my door  
Give me one day and I'm gone, I'm off  
Light up the stage and I'm on  
Arrive to a late Lebron  
I ain't fucking with y'all  
We caviar, we carry on  
In California run with whoever I want

The sun is shining in my face  
Still feel the shake from the two puppies  
Get up here I wanna play

Summer they say  
Yeah we just hide away  
With no chance to play  
Yeah this is  
Summer they say  
Yeah we just hide away  
With no chance to play  
Yeah this is

Yo there's something in the water here  
More than a few crazies when I'm walking down the street  
(Fuck you)  
Is it 'cause of all the BDET?  
Is it 'cause of failed dreams?

(Whew)

I wonder what they see when they see me  
Demand yo "Do you see a man or a slim ghost?"

(Ghost)

Fan's most yell "Paul,"

Miss how I'm absolutely not

Ask me in a month

Yesterday I just rode around cranking D'Angelo

I don't see nobody in the grocery store

Kinda nice [?] and I'll most ignore it

None of her friends saying "Yo there's Paul,"

(Yo there's Paul)

I saw him with another girl 34 years old

She's gorgeous but not you

You're a whole 'nother wave

You're a whole 'nother monsoon

You're a typhoon

You might illuminate the room when you're walking in

(I mean shit)

When you ain't comfortable in your skin from different worlds  
On 'Mork and Mindy'

Tap a Skywalker force within me

I'm a walking, talking, fucking lord of danger

Come come kick it, Texas Walker Ranger

Loving life

Stunning them, running all over the world

The sun is shining in my face

La da da da da da da da da da...

(Hah hah hah hah)

My friends they walk the other way

They drinking Tommy's margaritas

La da da da da da da da da...

(Hah hah hah hah)

You've always got something to say

Summer they say

Yeah we just hide away

With no chance to play

Yeah this is

Summer they say

Yeah we just hide away

With no chance to play

Yeah this is...

Fuck you
