## Drax Project

Crazy

I'm going crazy

But can you blame me?

You got me crazy (2, 3, 4)

Walk in got Saint Laurents and diamonds down my sleeve

No matter where I go, people give that love for free, yeah

I don't got to break a sweat, I do this in my sleep, yeah

If I'm a mansion, girl, only your name on the deed

Oh, don't get me wrong

Know it's alright, right now, I'm in the spell of you

All that I want's the stars in your eyes

This is what you do

Got me making money

I'm drip-drip-drippin' honey

All because of you, yeah

Yes, it's true

When you're dancing on me

I'm feel-feel-feeling lucky

The things you make me do

Crazy (Don't stop, don't stop, no)

I'm going crazy (Can't stop, won't stop, no)

But can you blame me? (Don't stop, don't stop, no)

Got me crazy

Crazy (Don't stop, don't stop, no)

I'm going crazy (Can't stop, won't stop, no)

But can you blame me? (Don't stop, don't stop, no)

Got me crazy

Everyone in the room knows that I'm on a roll, yeah

And all because of you, baby, turned my luck to gold

You never miss a beat, always keep me on my toes

With you, my lucky charm, we ain't ever going cold

Oh, don't get me wrong

Know it's alright, right now, I'm in the spell of you

All that I want's the stars in your eyes

This is what you do

Got me making money

I'm drip-drip-drippin' honey

All because of you, yeah

Yes, it's true

When you're dancing on me

I'm feel-feel-feeling lucky

The things you make me do

Crazy (Don't stop, don't stop, no)

I'm going crazy (Can't stop, won't stop, no)

But can you blame me? (Don't stop, don't stop, no)

Got me crazy

Crazy (Don't stop, don't stop, no)  
I'm going crazy (Can't stop, won't stop, no)  
But can you blame me? (Don't stop, don't stop, no)
