

Hold Me Back

Drax Project

Dancing with the tiger
Eyes getting wider
In for a fight
Stepping out on a tightrope
Hands full of high hopes
Ready to fly, fly

Can't hold me back this time
Can't stop me if you tried
'Cause I've been waiting all my life
And nothing's gonna hold me back this time
Can't hold me back this time
Can't stop me if you tried
I'm bulletproof got nothing to lose
Can't hold me back
Can't hold me back this time

Feel that adrenaline
Don't wanna hold it back I'm winning it
Can we hook that up reel it in
Never wanna let it go
Just let it in
And oh
All the silver and gold
And oh
No I won't let it go

Can't hold me back this time
Can't stop me if you tried
'Cause I've been waiting all my life
And nothing's gonna hold me back this time
Can't hold me back this time
Can't stop me if you tried
I'm bulletproof got nothing to lose
Can't hold me back
Can't hold me back this time

Can't hold me back this time
Can't stop me if you tried
'Cause I've been waiting all my life
And nothing's gonna hold me back this time
Can't hold me back this time
Can't stop me if you tried
I'm bulletproof got nothing to lose
Can't hold me back
Can't hold me back this time
