

Right now I feel like Hollywood  
Top down the kind of life you could overdose in  
When your troubles feel like they're miles away  
Forget about work and bills we got to pay, mm ah

Feel like we're ballin', it's gold that's fallin'  
This much of anything never felt so good, mm  
Sorry that it's blinding, but we got a habit of shinin'  
Oh, checking the glow from the top

And I don't wanna come down  
And I don't wanna come down, down

'Cause right now I feel like Hollywood  
And just like diamonds in the sky (diamonds in the sky)  
You make me feel like Hollywood  
Never been there but I probably should  
'Cause right now I feel like, yea  
'Cause right now I feel like Hollywood (wood)

I hear the siren, turn up the radio dial and  
Whoa, gold plated freeways (freeways)  
Sorry that it's blinding, but we got a habit of shinin'  
Oh, checking the glow from the top (yeah)

And I don't wanna come down  
I don't wanna come down, down  
And I don't wanna come down  
I don't wanna come down, down

'Cause right now I feel like Hollywood  
And just like diamonds in the sky (diamonds in the sky)  
You make me feel like Hollywood  
Never been there but I probably should  
'Cause right now I feel like (yeah)  
'Cause right now I feel like

Hollywood  
Feeling like diamonds in the sky  
Feeling like Hollywood  
Feeling like diamonds in the sky

Nothing like Hollywood (Singing Hollywood)  
Hollywood (mmm you make me feel like, yeah)  
Hollywood  
Hollywood  
Yeah

I feel like  
Hollywood  
Feeling like diamonds in (oh)  
You make me feel like Hollywood  
Never been there but I probably should  
'Cause right now I feel like (yeah)  
'Cause right now I feel like Hollywood
