Drax Project

Shake-a-bom-bom Shake-a-bom-bom  
Shake-a-bom-bom Shake-a-bom-bom  
(Should I get closer to the mic? Yeah)

Everything coming back to me-a  
Can you see-a no I don't mean to, yea  
Be the way that I said I wouldn't be  
I'm sorry ya had to see this side  
I don't like this guy no  
Honestly got everything I need in my life  
I got nothing else left still something ain't right  
Coming back home feeling like I travelled through time  
Everything's the same couldn't change if it tried  
(Yeah)

Throw it all away  
We've only got today

This luxury is messing with my ego  
Flying through the city like an eagle  
Ever since it started I am see through  
Seem to only focus on the things I don't do  
First day floating on the ocean  
And second thoughts in me like a trojan  
Feel like everything I got is stolen  
But all I wanna do is live the moment

Take take take your time sippin' wine  
Damn this life's alright  
Little bird on a wire got a little somethin' to say

He said throw it all away  
We've only got today

This luxury is messing with my ego  
Flying through the city like an eagle  
Ever since it started I am see through  
Seem to only focus on the things I don't do  
First day floating on the ocean  
And second thoughts in me like a trojan  
Feel like everything I got is stolen  
But all I wanna do is live the moment  
(I just wanna live in the moment)

What ya see is what you're gonna get  
Cut the bullshit  
Just tryna live in this moment  
What ya see is what you're gonna get  
Cut the bullshit  
Just tryna live in this moment  
What ya see is what you're gonna get  
Cut the bullshit  
Just tryna live in this moment  
What ya see is what you're gonna get  
Cut the bullshit yeah

This luxury is messing with my ego

Flying through the city like an eagle  
Ever since it started I am see through  
Seem to only focus on the things I don't do  
First day floating on the ocean  
And second thoughts in me like a trojan  
Feel like everything I got is stolen  
But all I wanna do is live the moment

I just wanna live in the moment  
I just wanna live in the moment  
I just wanna live in the moment  
I just wanna live in the moment  
I just wanna live in the moment (whoa)  
I just wanna live in the moment (yeah)

I just wanna live in the  
What you see is what you're gonna get  
Cut the bullshit  
Just tryna live in this moment
