

Mr Thunder

Drax Project

Keep my glass half full
From the rain that's falling down
Take a sip and wait a bit
For the thunderclouds
Just let the storm decide
What's it's gonna do this time
I know that I'll be alright

Sometimes it rains
Sometimes it pours
Hey Mr Thunder out there knocking at my door
Come and make yourself at home
Sometimes it rains
Sometimes it pours
Hey Mr Thunder out there knocking at my door
Might as well make yourself at home

It's been so long
Come down and sit with me
You've been my longest friend
It never ends
Just let the storm decide
What's it's gonna do this time
I know that I'll be alright

'Cause sometimes it rains
Sometimes it pours
Hey Mr Thunder out there knocking at my door
Come and make yourself at home
Sometimes it rains
Sometimes it pours
Hey Mr Thunder out there knocking at my door
Might as well make yourself at home

Raining, pouring, raining, pouring
Raining, pouring, raining, pouring
Raining, pouring, raining, pouring
Raining, pouring, raining, pouring

'Cause sometimes it rains
Sometimes it pours
Hey Mr Thunder out there knocking at my door
Come and make yourself at home
Sometimes it rains
Sometimes it pours
Hey Mr Thunder why you knocking on my door
Come and make yourself at home
