

# My Luck (Someone Like You)

Drax Project

If I told you something crazy  
If I told you I loved you  
Would you come over be my lady  
Would you let me call you my own  
Yeah would you let me call you my own

If I made up for everything  
If I made you smile  
Would you take my grandmother's ring  
Would you meet me down the aisle?  
Yeah would you meet me down the aisle?

'Cause someone like you  
Doesn't come around much  
For someone like me  
Oh I can't believe my luck

If you saw what the future holds  
If you saw it my eyes  
I wanna know  
Do we last through the highs and lows?  
Do we still get butterflies?  
I hope we still get butterflies

'Cause someone like you  
Doesn't come around much  
For someone like me  
Oh I can't believe my luck

'Cause someone like you  
Doesn't come around much  
For someone like me  
Oh I can't believe my luck

If we lost all the things we owned  
If we lost our minds  
Just know you won't ever be alone  
Just know you'll have me by your side  
Just know you'll have me by your side

'Cause someone like you  
Doesn't come around much  
For someone like me  
Oh I can't believe my luck

'Cause someone like you  
Doesn't come around much  
For someone like me  
Oh I can't believe my luck

You  
Someone like me
