

## Stole A Car (Interlude)

Drax Project

Nobody knows I stole my car  
I haven't told my friends about it  
My mum thought I bought it from TradeMe  
But I stole it from someone's driveway  
I changed the plates out in the park  
I put some decals on the hood and  
Got some illegal documents, mm  
And said I paid for it in Bitcoin, Bitcoin

I feel so weird about it  
Can't stop thinking 'bout it  
What if they catch me, what's going to happen?

Oh shit I fucked up  
Stole a car  
Never told a soul, oh no  
Damn did I mess up?  
But I had no money, it's easier to ignore  
Oh no, maybe I should let it go

Maybe I should let it go  
Maybe I should let it go  
(Nobody knows, nobody knows)  
Oh, oh  
Maybe I should let it go
