

# Sugar

Drax Project

Come on come on come on closer  
Put your head on my shoulder  
No more dancing I'm drunk on aroma (yeah)  
Body heat taking over  
And when I catch you smiling at me  
You got me so inspired to see  
What you need come in closer

Everything in moderation  
Not addiction just infatuation  
Now I gotta raincheck on my obligations  
Yeah it's tempting me and I won't resist cause

Tastes like sugar  
Cake like it's my birthday  
Sweet like sugar  
Once in a while we get  
R-rated dilated, so intoxicated  
Tastes like sugar  
So bad but so sweet

Come on in, come on in, come on in closer  
Put on your head my shoulder  
No more dancing I'm drunk on aroma  
Body heat taking over  
And when I catch you smiling at me  
You got me so inspired to see  
What you need come in closer

Everything in moderation
