

## Toto

Drax Project

Quit my job, now I'm waiting in the rain  
For the bus, wondering how I'm supposed to pay  
For my rent tomorrow  
I'll beg, steal or borrow  
I'm still figuring it out  
Might just  
Sell my stuff for a one-way ticket to explore  
Don't know where but I'll throw my chances at the board  
You might think I'm crazy, but that shit don't faze me  
I'm still figuring it out

I got a real good feeling, we're gonna be alright  
Not gonna live forever, but we know the best part is the ride  
No matter where we're going, it's gonna be alright  
Not gonna live forever

Right now the best part's what we don't know  
Take a little step into the unknown  
Everybody tryna to tell me no-no (no-no)  
I wanna bless the rains and dance away like Toto wherever I go

Got no plan, just gonna see where I end up  
Do what I can, and see how far I stretch my luck  
Now that it's all behind me, maybe I miss it slightly  
I'm still figuring it out

Right now the best parts what we don't know  
Take a little step into the unknown  
Everybody tryna to tell me no-no (no-no)  
I wanna bless the rains and dance away like Toto wherever I go  
(wherever I go)
