

## Zion Youth

Dreadzone

You'll never get to Zion without Jah love  
Never reach the land that you're dreaming of  
You must be good you must be careful  
Live upright like you know you should  
To reach the Jah city  
Reach the holy land.  
No evil doers will be there  
No backstabbers will be there  
Your private plane just won't take you  
Your fast car just won't do  
Inna the city  
The holy city  
Inna Jah city
