Dream, Ivory

I spent my time waiting for the right one
I couldn't finish a song, a verse, a tune, couldn't write one
I grew my wings but you tore them apart again
Used to see it in movies, heartbreak is a trend

Keep calm
Keep calm
Keep calm while I'm singing this song

Keep calm
Keep calm
Keep calm

On and on

I miss the days when I wasn't blinded
My dad always told me my star would shine and,
I wish that I believed him at that time
I was afraid of myself oh is that a crime
Dear God, oh it's the end of the line

Breathe in, breathe out
Breathe in, breathe out
Breathe in, breathe out
Breathe in, breathe out

Keep calm
Keep calm
Keep calm while I'm singing this song

Keep calm
Keep calm
Keep calm

On and on
