

# Hurricane

Dream On, Dreamer

It's okay, to feel this way  
We're lost inside the hurricane  
We all feel pain, we bend and break  
But time will make this right again

Show me how your heart beats  
I wanna feel it  
Show me where you're breaking  
I wanna see it  
I hear you scream  
I wanna fix it  
I swear I'm listening

I know it's hard 'cause it don't make no sense  
And now you find yourself standing on the edge again  
But you can make it, kid, don't give in  
Be the light I need, I hope you know that

It's okay, to feel this way  
We're lost inside the hurricane  
We all feel pain, we bend and break  
But time will make this right again

I promise that I'll be here  
Til the sun starts freezing  
I promise that I'll hold your hand  
Til your heart stops beating  
I'll walk back in, to the fire again  
Cause love's the only thing worth dying for

I know it's hard 'cause it don't make no sense  
And now you find yourself standing on the edge again  
But you can make it, kid, don't give in  
Be the light I need, I hope you know that

It's okay, to feel this way  
We're lost inside the hurricane  
We all feel pain, we bend and break  
But time will make this right again

And I feel like this might be the end of the world  
Do you feel like this could be the end of the world?

I always said there's a sinking feeling in my heart  
When it's do or die, and I swear I'd die for you like that  
You can make it, you can make it  
I hope you know that...

It's okay, to feel this way  
We're lost inside the hurricane  
We all feel pain, we bend and break  
But time will make this right again

Don't wanna see you on the edge again  
Don't wanna see you on the edge again
